

WRLG MCSA Signup

Our Meat CSA is a way to get regular monthly deliveries of a variety of meats. You enjoy some of the benefits of bulk buying without the need to store a large amount.

Subscriptions are limited because we need to plan the production and packaging to meet the needs of a group, while managing the economics.

Total \$465 for 3 months

\$240 to secure your share
\$75 for each monthly pick-up

What's in the box?

We have sized the package for the typical family freezer - you do not need extra storage space while enjoying the convenience of once-a-month meat shopping.

Sized for a Modern Diet

Folks are eating less meat these days. We sized this package to provide approximately every other day servings.

Quality and Variety

17 to 20 Pounds of beef, pork and chicken. Every month you will get a variety of cuts. Some will be consistent and some will vary from month to month. Some families want more than this and might consider two shares.

Family Friendly

While we don't guarantee the EXACT cuts, there will be some stew and pot roast, some dry roast (London broil, eye round, chuck roast). The schedule is based on economical use of the whole animal. Talk to us if you feel something is missing!

Comfortable and Convenient

We don't give you mystery cuts. But for folks who know, or want to learn, we can include some interesting things.

...and look for a surprise or two

Webster Ridge Locally Grown

We raise lamb and chicken, have a friend/gardener managing our garden and we do not compromise on nutrition and taste.

Frankly, we like to eat good food. We will do whatever it takes to choose, grow, process and prepare food that we like and that is right for us. Our circumstances bless us with the ability and will to grow wholesome food that tastes terrific, is a great value and preserves our way of life.

This is a commitment to do the right thing for all of us. We eat what we grow. Our fellow farmers do as well.

We sell what we eat. We know some things about cooking and we are learning more every day. We love to share what we know - a little goes a long way in the kitchen!

Food security starts with care about where our food comes from. This will lead us to decisions that help protect our personal and community supply chains.

We are natural, meaning we care about our animals - their comfort, nutrition, how we use them and what they give us.

Where does your food come from?

Why should you join?

You want to eat well.

These days everybody wants to eat healthy, humanely raised food. Share in the new food revolution!

You want to eat a variety.

We are selecting for a community so you are assured a variety that makes meals interesting.

You want to control your budget.

Community participation means you benefit from the advantages of bulk pricing.

You need time-saving convenience.

Pick up once a month at the farm or market.

We have 3 pick up points in Concord during the week as well as Weare on Friday and Contoocook/Hopkinton on Saturday.

A sample month is available.

See what it is all about - then start your subscription.

The best for you and your family!

Our Service to You

Recipes - suggestions from our kitchen to yours. Better than tested - we cook what we sell -- we share how we do it.

Hotline - if you have questions, call us! By the way - we occasionally offer guest-cook and Harvest Dinner Services - ask us how we can make your next dinner party special.

Cut descriptions - every cut in every package will be documented - name, preferred cooking method and serving advice.

Some Extras

Member's discount on Webster Ridge Products.

Rewards for referrals.

And all the info we can give you!

Holiday meal support.
